SUMMARY

Front-End Developer with hands-on experience in building modern, responsive, and user-centric web applications using **React** and **TypeScript**.

Passionate about writing clean, maintainable, and scalable code while delivering intuitive user experiences.

Experienced in collaborating with cross-functional teams, integrating RESTful APIs, and continuously improving application performance through best development practices and continuous learning.

EXPERIENCE

Frontend Developer — **Alo Price**

January 2025 - PRESENT

Designed and developed a modern, user-friendly admin panel with a strong focus on usability and user experience (UX).

User permissions and access levels were dictated entirely by their assigned roles within the system .

Built responsive, reusable, and maintainable user interfaces using **React** and **TypeScript**.

Integrated RESTful APIs and collaborated closely with backend developers to deliver seamless application functionality.

Collaborated in a Git-based team workflow, participating in code reviews, version control, and feature development.
